

Adopt-A-Horse Sponsorship

With a \$250 donation, you can sponsor one of our horses for one month of their care! This adoption helps cover their additional needs beyond standard shoeing and vaccinations, including specialized supplements, medical treatments, and personalized attention that keeps them healthy and thriving.

While you don't take a horse home, your support makes a direct impact right here at Eos. You're helping them continue to change lives for children, adults, and veterans who rely on them in the arena. Your sponsorship truly makes you part of their care team!

Retired—Adopt-A-Horse Sponsorship

With a \$250 donation, you can sponsor Keeper for one month of his care! Though he is retired from the arena, Keeper remains a beloved part of the herd.
